Hickory Edition

“Hickory Edition”

MOUNTAINEER
EDITION

Mountaineer's new 290 RLT shown in the Sable decor. It features solid hardwood slide out fascia, deep overhead cabinets and an optional free standing dinette with a leaf extension and sliding table top. Mountaineer cabinet doors are made of solid Hickory, with raised panels and mortise and tenon joints. Plush recliners are standard in every rear lounge and rear kitchen floor plan.

Experience the Mountaineer "Hickory Edition"

All Mountaineers have abundant counter space with lots of storage! The solid surface counter top features deep sinks with covers, molded backsplash and a high profile faucet. Residential Beauflor linoleum covers the high traffic area leading to the rear lounge and kitchen. Other highlights include a 22" oven with overhead microwave and a large 8 cu ft double door refrigerator.

MOUNTAINEER EDITION

“Ultimate Towability By Applying “Max Turn” Technology”

At Mountaineer, we have designed a patent pending integrated frame and cap design. Not only is it the most aerodynamic front cap, it's downright beautiful. With our “Max Turn” technology, making a 90 degree turn on the street is no problem. In fact, the Mountaineer has an incredible 79 degree truck to fifth wheel angle. It is the best in the industry. With the introduction of Mountaineer's “Max Turn”, pulling or backing is no longer a burden.

Easy Set Remote Control System

Mountaineer's “Easy Set Remote Control System” simplifies setup and operation. The front and rear jacks, electric awning, hydraulic slide outs and patio security lights are all remotely controlled. All of these functions are also available using manual switches inside or outside of the unit.
