

Premium Features:

- Comfort Drive™ steering assist system with variable driver's effort control feature
- Independent front suspension
- Automatic heated moisture ejectors with color-coded lanyards
- Side-mounted service center
- Connected Coach™ digital dash display
- Variable Geometry Turbo (VGT), exhaust brake
- 10,000 lb towing capacity
- SMART steering wheel with leather finish & phone controls
- Suspended adjustable pedals

Spartan Advanced Protection System® (APS)

- **Spartan Safe Haul™** The industry's premier factory-chassis integrated air supply for tow vehicle brake systems.
- **Collision Mitigation with Adaptive Cruise Control** alerts the driver of potentially dangerous driving scenarios and adjusts speed to maintain a safe following distance.
- **Electronic Stability Control (ESC)** helps the driver maintain control of the coach in extreme steering maneuvers by automatically controlling individual brakes to help keep the coach moving in intended direction.
- **Automatic Traction Control (ATC)** helps the driver maintain traction under the drive axle tires in slippery conditions by automatically applying brakes on the wheel end that is slipping. This helps transfer power to the wheel end with more traction.
- **Tire Pressure Monitoring System (TPMS)** displays tire pressure and temperature for individual tires. The system will alert the driver if any tire pressure or temperature exceeds set thresholds. The system is expandable to monitor towed vehicles as well.
- **Lane Departure Warning** with sign and pedestrian recognition warns the driver with visual and audible alerts. The system will alert the driver in real time, so necessary corrections can be made.

Specifications:

Engine

Cummins L9
 18.7 CFM Air Compressor
 1000 Watt Block Heater
 Peak HP: 450 hp @ 2100 RPM
 Peak Torque: 1250 lb-ft @ 1200 RPM

Transmission

Allison 3000MH

Chassis Ratings

GVWR: 38,600 lb
 Front GAWR: 14,600 lb
 Rear GAWR: 24,000 lb
 GCWR: 48,600 lb

Suspension

Front: Independent front air suspension with 14,600 lb capacity
 Rear: Non-torque reactive parallelogram air suspension with 24,000 lb capacity

Bilstein Shocks

Front: 46 mm
 Rear: 46 mm

Brakes

ABS: WABCO 4S/4M with electronic stability control (ESC)

Front: Air disc
 Drive: Air drum

Steering

Comfort Drive steering assist system for smoother, more precise steering
 Column: Comfort Drive w/ tilt & telescope

Fuel System

Fuel tank: 90 gallon
 DEF tank: 15 gallon

Electrical System

12v electrical system
 Batteries: Two 950 CCA
 Alternator: 210 amp

Cooling System

Side-mounted radiator: parallel airflow system with low-profile radiator

Frame

Straight frame prep for star foundation

Tires

Front: Michelin XRV 305/70R22.5 LRL
 Rear: Michelin XRV 305/70R22.5 LRL

Wheels

(4) Aluminum wheels with Accu-Shield® finish and dress kit
 (2) Steel wheels on inside dual wheels

Wheelbase

226"
