2012

How sweet it is.

Experience a place where every food is comfort food, where handcrafted hardwood cabinets mingle with name brand appliances, and where beautiful décor accents perfectly complement contemporary tile floors. Tradition's well-appointed galley is the perfect place to create an intimate dinner for two or to entertain new friends.

The perfect getaway

Pamper yourself in Tradition's lavish master suite. Curl up on the plush mattress and whisk away the summer heat beneath the soothing ceiling fan. Freshen up after a long day in the spacious bathroom, and stow away your journey's trinkets and treasures in the full-size wardrobe.

Let yourself go.

Tradition features a sleek, state-of-the-art cockpit with dual dash monitor design. Its six-way adjustable captain's seats offer comfort and maximum lumbar support, while the low-profile dash expands your view so you can enjoy every inch of the beautiful countryside.

When you drive Tradition, you'll want to take the long way to your next destination.

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity*.
2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.
3. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to American Coach and chassis manufacturer's manuals for complete information.
4. Length measured from front bumper to rear bumper (excludes accessories).
5. Excludes safety equipment and awnings.
6. Motor homes feature a body width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.

N/A = Not Applicable

* UVW and OCCC are found on the label containing the federal certification tag in each RV.

† The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependant on the weight of the towed load. Consult with hitch receiver manufacturer for further information.

IMPORTANT — PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.AmericanCoach.com or contact your local American Coach dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. American Coach has designed its recreational vehicles to provide a variety of uses for its customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., occupants, equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.
