

TURN HEADS WHILE TURNING CORNERS.

Icon is unlike any motor home available today. Built on the Dodge® Sprinter chassis, it combines fuel-efficiency with modern design. Spacious interior décors, innovative storage options and unparalleled drivability highlight the unique Icon experience.

Contemporary rope lighting shows off the curve of the Bijoux Cherry veneer cabinetry and enhances the mood.

Icon 24D shown in Tiki Bar interior décor with Bijoux Cherry wood cabinetry.

WHY BUY ICON...

- Fuel Efficiency
- Extraordinary Driving Experience
- Contemporary Interior Styling
- Bold Exterior Styling
- Full-Body Paint

- B The bath offers a full shower, china toilet, and ample space for toiletries in the curved vanity and medicine cabinet.
- Take a break from your drive lounging in the roomy cabover area. When not in use, it tilts up to provide even more headroom for the driver.

The galley features a Dometic® cooktop and sink built from premium stainless steel. Both come with tempered glass lids that provide additional countertop space when not in use. Coupled with an Apollo Half Time Convection Oven and refrigerator/freezer, you'd think you were in a chic urban condo.

Multiply pounds x 0.453 to obtain kilograms. Multiply gallons x 3.785 to obtain liters. 1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motor

home. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo carrying capacity*. 2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is

Water (gal) = (8.3 lbs/ 3.8 kgs) Fuel (gal) = (7.1 lbs/ 3.2 kgs) Propane (gal) = (4.2 lbs/ 1.9 kgs)

11.030

4.410

14,530

- 3. GCWR (Gross Combined Weight Rating) is the value specified by the motor home manufacturer as the maximum allowable loaded weight of this motor home with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer's manuals for
- 4. Length measured from front bumper to rear bumper (excludes accessories).
- 5. Excludes safety equipment and awnings.
- 6. Motor homes feature a body-width over 96" which will restrict your access to certain roads. Before
- purchasing, you should research any state and/or province road laws which may affect your usage. 7. Tank manufacturer's listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

The chassis manufacturer recommends the installation of a supplemental brake control system to activate the brakes on the vehicle or trailer you are towing. Hitch receiver ratings expressed are maximum for the hitch receiver installed and may require the purchase of additional equipment that is dependent on the weight of the towed load. Consult with hitch receiver manufacturer for
