

# 5 SERIES *isata*

## Optional Xplorer Package Includes:

- **Insulated Cab Curtain:** closes off the cab in cold climates with zippered access to the cab area.
- **Lithium Batteries:** 400 AH of lithium batteries offer maximum off-grid efficiency and power, while built-in heaters make sure the batteries can be charged in cold climates.
- **Enhanced Solar:** 800 watts of solar paired with a MPPT (Maximum Power Point Tracking) controller which converts excess voltage for up to 30% better charging efficiency.
- **Max Insulation:** with higher rated foam in the walls and floor and additional insulation in the cap, the AC or furnace work less to maintain the perfect temps.
- **Insulated Utility Bay:** Thermal-Foil reflective insulation provides better heat retention.
- **Heated Tanks:** a 4" heat duct runs from the 42,000 BTU furnace to the holding tank area and through concealed areas containing plumbing lines.
- **Secondary Tank Heater:** 12V thermostatically controlled heater is located in the utility bay to provide auxiliary/back up heat when needed.
- **Temp Sensor:** A temperature sensor is located in the utility area and displayed on the interior multiplex panel so you never have to guess if the heaters are working.
- **Dual-Pane Windows:** Not only reduce the chance of condensation, but also keep the coach cooler in the summer and warmer in the winter.

**Pair this with the already available 4X4 option and you have the ultimate Off-Road, Off-Grid, Any-Season Motorhome.**

Dimensions:	28SS
GVWR	19,500 lbs.
GCWR	37,500 lbs.
GAWR - Front	7,250 lbs.
GAWR - Front (4x4)	7,250 lbs.
GAWR - Rear	13,500 lbs.
Overall Length	30' 10"
Exterior Width	96"
Wheelbase	217"
Overall Exterior Height (w/15,000 BTU Roof A/C)	12' 4"
Interior Height	82"
Fuel Capacity	52 Gal.
Water Capacities (Gal.) Fresh/Gray/Black	78/45/45
LPG Capacity (WC)	20.3 Gal./86 lb.
Awning Length	16'

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GCWR (Gross Combined Weight Rating)** - is the maximum permissible loaded weight of your motorhome and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

**GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

**UVW (Unloaded Vehicle Weight)\*** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

\*Estimated Average based on standard build optional equipment.

**CCC (Cargo Carrying Capacity)\*\*** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

\*\*Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
