BY FOREST RIVER

We invite you to
take the road
less traveled...
and make it
all the difference.

Surveyor Production Team: (Left to Right) Dale G., Service/Production Floater since 2001, Wayne "Junior" T., Group Plant Manager -3 Plants, Brian S., Plant Manager, 16 years+

SURVEYOR

FIELD TESTED SINCE 2001

“DO YEARS IN BUSINESS AND EXPERIENCE BUILDING RV’S AT THE SAME FACTORY MATTER WHEN CHOOSING WHICH TRAVEL TRAILER TO PURCHASE ... WE THINK IT SHOULD!”

Aluminum Framing All Openings

Windows; No caulking required, saves time and up to \$100s annually! Best structural integrity in its class.

52 Cu. Ft. Pass-Through Storage

Upgraded "Drop Frame" for best in class exterior storage - many models.

Wall Construction (R7, R9)

- Pinch roll laminated at 1600 PSI, 100% glue coverage. - Closed Cell Block Foam Insulated, optimum comfort.
- Air-Pressure Sealed Tested, ensures maximum efficiency.

Floor & Lami Plast Enclosed Heated Underbelly

- 2" aluminum studded floor; R9 block foam insulation, and interior double layered plywood, offset.
- Insulates underbelly & tanks, forms a double walled layer pocket of air.
- Radiant heated, camping in all seasons!

Azdel Onboard

Composite Panels, Patented Blend of Polypropylene and Fiberglass, replaces "wood" backing. Surveyor uses on Sides, Rear, Slide Room, and Front Walls (NA Front of Luxury, Fiberglass Cap)

- Protects against delamination - repels water; no rot, mold, or warpage
- Unaffected by humidity or temperature changes
- 2x insulation value - Blankets like a "Radiant Foil"
- 1/2 the weight of wood - keeps fuel costs down
- Longer life and better resale value
- Quieter RV - absorbs sound waves

PVC Membrane - Fully Walkable Roof

16" On-Center trusses featuring 3/8" decking, R14 Residential Blanket Insulation, finished with Best in Class PVC Roof Membrane.

- No treatments required - Ever!
Save time every 6-12 months & up to \$100s annually.
- 15 Year Warranty, 100% coverage.
- 2x the puncture strength & 20% more tear resistance
- Will not chalk, streak, or spot.
- Extraordinary reflectivity keeping your trailer cooler

TWO-TIME SURVEYOR OWNERS, IN THEIR OWN WORDS

We just purchased our 2nd Surveyor. We really enjoyed our current Surveyor, both the quality of workmanship, the layout, and the amount of storage.

We are experienced RV'ers and over the years we have owned campers, fifth wheels, and travel trailers; so when we determined we needed a little longer travel trailer for our extended trips, we immediately thought of another Surveyor and our excellent dealings with the previous dealer.

Lynn & Michele Adair
Tallahassee, FL, 2019

OFF-SITE PDI TESTING - EVERYDAY!

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo,

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
