

Suncruiser

WINNEBAGO

Why Suncruiser?

- Corian® countertops and mosaic tile backsplash
- Powered king bed (37F, 38Q)
- Infotainment Center with Rand McNally RV GPS and dual touchscreen monitors
- Blu-ray™ Home Theater Sound System
- TrueAir® maximum comfort air conditioning
- Powered patio awning with LED lighting
- Motoraid supplemental hot water and heating system
- Available 100-watt solar panel/battery charger

On the Cover: 37F Pewter Pearl Full-Body Paint

37F Waldorf with Coffee-Glazed Honey Cherry Cabinetry

Let's Roll

With some things, you just want the best of what life has to offer. When that something is a Class A gas motorhome, the Suncruiser® is in a class by itself. Designed to bring you diesel-pusher performance in a gas coach, the Suncruiser delivers with an Ultraleather™ Versa easy-swivel driver's

seat, MCD solar/blackout roller shades, and the Rand McNally RV GPS infotainment center. The exterior stacks up beautifully with six new full-body color schemes and stylized aluminum wheels. You earned a best-in-class experience. Step inside your new Suncruiser and let's roll.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

37F Waldorf with Coffee-Glazed Honey Cherry Cabinetry

The Suncruiser is a destination in and of itself with an enormous living space filled with carefully-selected furniture and amenities such as the Rest Easy® sofa (NA 32D) and a large HDTV with Home Theater Sound System. Coffee glazing brings out the rich natural woodgrain of the cabinetry while LED lighting provides just the right amount of light.

While each Suncruiser galley is unique, you'll find each one to be spacious, elegant, and stocked with the finest culinary amenities. It starts with Corian® solid-surface, high-gloss countertops and a decorative backsplash. A 3-burner range and microwave/convection oven make great meals possible. And for those with the most discerning tastes, a residential French door refrigerator/freezer comes standard in the 38Q and is available in the 37F.

A standard king bed is the centerpiece of a generous bedroom. Adjust the firmness to your perfect level of support with the Ideal Rest® Natural Reserve® digital comfort control mattress. It comes standard in the 37F and 38Q in a powered frame that tilts to let you read a book or watch TV. The bathroom was designed with a spacious shower, including the Winnebago-exclusive BIG Shower in the 37F. That same floorplan also presents a half-bath mid coach for your guests.

Dash

The re-design of the Suncruiser extends to the cab where an all-new dash invites you to grab the wheel, hit the gas, and cruise in style. Stay on course with the Rand McNally RV GPS, which is built into the dash infotainment center. In addition to turn-by-turn voice guidance, this 10.4" touch screen unit also includes CD/DVD player, SiriusXM™ satellite radio (subscription not included), iPod®/iPhone® connectivity, Bluetooth™ for hands-free calling, and audio streaming.

37F Powered Patio Awning

Take pride in the new exterior styling of your Suncruiser that includes 22.5" stylized aluminum wheels and your choice of six bold color schemes. Hydraulic leveling jacks with three position controls will have you set up and relaxing beneath the powered patio awning with LED lighting in no time. Add the exterior entertainment center with an HDTV to turn your Suncruiser into the ultimate tailgate machine.

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

Laser-Cut Tubing

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

**SUPER
STRUCTURE**
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago motorhome.

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a firsthand look at the dedication and technology behind every motorhome we build.

Call (641) 585-6936 or (800) 643-4892 or visit us online at WinnebagoInd.com/company/visit for more information.

Warranty⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Floorplans feature a wide-body design - over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome. Measurements are based on the most recent information available. See your dealer for specifications.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.
