

2007 DENALI TRAVEL TRAILERS & FIFTH WHEELS

DENALI

Let Your Journey Begin.

The native people of the great Alaskan wilderness call the massive peak of Mount McKinley "Denali". Translated, Denali means "Great One."

DENALI

The native people of the great Alaskan wilderness call the massive peak of Mount McKinley "Denali". Translated, Denali means "Great One".

Denali is also the name of the immense national park and nature preserve containing Mt. McKinley. At 6,000,000 acres, Denali National Park exemplifies Alaska's character as one of the world's last great frontiers for wilderness and adventure. It remains an untouched terrain of wildlife and glaciated mountains.

The grandeur and beauty of Denali National Park has inspired Denali laminated travel trailers and fifth wheels. Denali will captivate your senses and deliver first-class features and comfort with unprecedented value.

Let Your Journey Begin.

Distinctive style and premium features make Denali stand out from the crowd. Featuring premium residential furniture, large picture windows with designer valances and fabric night shades, Denali sets the new standard in laminated Travel Trailers and Fifth Wheels. Plus, all slideout rooms feature designer lighting, a premium slide fascia and large overhead storage cabinets above the sofa.

Denali's kitchen is loaded with standard features that are usually found as upgrades on our competitors' products. A large double door refrigerator, large microwave, a double bowl sink with high-rise faucet, raised panel solid wood cabinet doors with brushed nickel hardware and over-sized drawers on residential steel roller drawer glides make Denali your best choice for premium features and unprecedented value.

Vehicle loading - Every effort has been made to provide the greatest number of options for the recreational vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle.
 Some optional equipment not included. Net carrying capacity (NCC) is determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only. **Warning** - This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions. *UVW and Hitch Dry Weight are base weights of units without options. Each unit includes a weight label which lists specific weight information for that unit.

DENALI PREMIUM CONSTRUCTION

Walls

1. Laminated, high-gloss *Lamilux* fiberglass bonded walls
2. 1/8" wood backer
3. Welded aluminum frame
4. Polystyrene block foam insulation
5. Second layer of 1/8" wood backer with decorative wallboard
6. *A & E* patio awning
7. Tinted radius clamp-ring windows
8. Radius cornered baggage doors with lock and finger pull
9. Fifth Wheels – Full fiberglass front cap
Travel Trailers – Laminated fiberglass front with lower diamond plate

Roof

10. Fully decked walk-on roof with one-piece EPDM rubber roof membrane- 12 year rubber warranty

26. Residential tile-like linoleum
27. Residential carpeting
28. Optional insulated and enclosed underbelly with heat ducted to tanks

MORE STANDARD FEATURES FOR YOUR DOLLAR!

*See page 8 for more great features

Denali features "RV 800" residential steel roller drawer glides. They open and close with ease and are designed for years of reliable use.

An *Aqua Magic* porcelain toilet with foot flush is standard in all Denali bath's.

A 30 Amp marine-grade detachable power cord stores in an outside compartment when not in use, saving valuable interior storage space.

Denali features a standard 5-in-1 home entertainment center with remote control, a DVD/CD/MP3 player, AM/FM tuner, surround sound speakers and sub-woofer.

6-gallon gas/electric water heater with direct spark ignition (DSI) is standard.

Ultra-lube hubs are standard on Denali. This feature allows for easy wheel bearing lubrication.
