THE BEST WAY TO TRAVEL

FOREST RIVER

A Berkshire Hathaway company.

FORESTER
BY FOREST RIVER

Tasteful design, combined with a unique combination of style, value and preferred amenities make travel in the Forester comfortable and loads of fun. Forester's unique split level design provides maximum headroom in the living area, while still offering pass-through storage on every floorplan. Plus, all Foresters are "Certified Green" by TRA Certification.

LE TOP FEATURES

- Crowned fiberglass roof
- Two cab-over windows
- Heated enclosed tanks (N/A 2251SLE, 2551LE)
- Enclosed dump station
- 40" 12V LED TV
- Integrated step
- Two large storage drawers in dinette
- Black-out roller shades
- 2" Thick gel coat sidewalls with lightweight composite waterproof material
- Upgraded stainless steel appliances with 1.3 cu. ft. convection microwave
- 10.7 Cu. Ft. 12V refrigerator
- Side view and back-up cameras
- Maxx Air multi-speed power fan with cover

CLASSIC

Classic shown with Ocean Blue full body paint and the low profile, seamless Trekker cap for aerodynamic styling and improved fuel economy.

FORESTER

SAFE, COMFORTABLE DRIVING FEATURES

LANE DETECTION WARNING SYSTEM

(N/A on LE and Transit models)

CLASS C
1ST
FIRST IN SAFETY

- NEW Voyager® VBSD1 Blind Spot Detection System
- Specifically engineered to enhance Class C motorhome safety
- Visual and audible alerts warn drivers of obstacles not visible in the rear view mirror
- Uses radar detecting sensors on the rear corners of the motorhome that communicate with LED beacons in the cab
- Beacons remain lit until the blind spot is clear
- Beacon flashes with an audible alert when turn signal is engaged

FR UPGRADED PREMIUM SUSPENSION SYSTEM

Includes Bilstein® Shocks, Hellwig RV Sway Bars and Firestone Ride-Rite Air Springs Available on Classic models, built on Ford E-450

(N/A on MBS, Transit, LE and Chevy)

BILSTEIN®

Hellwig
SUSPENSION PRODUCTS

Bilstein® Shock Advantages

- Monotube gas pressure shock absorbers virtually eliminate excessive sway and bounce
- Tested and tuned for your specific motorhome, for a safe and enjoyable ride
- Improved handling and consistent performance
- 228% Larger piston creates greater sensitivity and tighter vehicle control
- Lifetime warranty

Hellwig RV Sway Bar Advantages

- Increase driving stability at highway speeds and reduce the effects of crosswind
- Improve traction and cornering abilities for safer driving
- No more white knuckle driving
- Most effective handling upgrade available for RVs
- Lifetime warranty
Firestone Ride–Rite Advantages

- Adjustable air springs provide an improved ride, and a better way to balance loads

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) - Is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

Go Power!

POWERFUL SOLAR CHARGING KIT
• Freedom to explore off-grid locations
• High-efficiency 100 W monocrystalline solar panel
• Expandable up to 500 watts
• Low-profile panel, invisible from the road

DIGITAL SOLAR CONTROLLER
• Produces more charging power
• Displays solar charge and battery capacity

SOLAR ON THE SIDE PORT
• Pre-wired for a portable solar kit. Simply plug in an 80 or 120-watt portable solar kit!

* Optional SOLAR ON BOARD roof-mounted 12V charging station upgrade is available

SOLAR ON THE SIDE™
Solar connection

SAVINGS
Extends battery life by 50%

ZERO FUEL
No generator required to run

QUIET
Alternative to generators

RENEWABLE
And safe power source

Large panoramic windows with black-out shades for plenty of fresh air and natural light.

LED lights generate almost no heat compared to incandescent lights and use substantially less power.

Forester is appointed with rich residential style hardwood cabinetry with ball bearing drawer glides.

12V 4-Port USB charging station (Living room/bedroom, N/A LE)

Winterizing tube provides easy access for quick maintenance includes bypass valve.

Two batteries in a single housing for easy access. (One battery LE and Transit)

Cordless charging plate

Forester is equipped with a residential mattress for a good night's sleep.

WINEGARD

This Winegard HD digitally amplified antenna enhances reception.
10.7 Cu. Ft. 12V Refrigerator

Outside speakers

This compact unit filters water for the entire coach, eliminating unwanted contaminants and odors, ensuring safe drinking water for you and your family. (N/A LE)

High pressure, oxygen infused shower head conserves water, energy and tank life.

Optional exterior entertainment center (NA LE and Transit)

Optional 12V power theater seating with adjustable foot rests (Classic only).

Durable, easy to clean (R-18) crowned fiberglass roof sheds water and doesn't cause black streaks like a rubber roof.

Heated/enclosed holding tanks use warm air from the furnace to protect tanks and valves. (N/A 2251SLE, 2551DSLE, MBS and Transit)

All models include Atwood ducts for high performance air flow throughout the coach and front cabover.

Forester's entry step is integrated into the sidewall. No more slippery, or damaged power steps. (N/A MBS)

Comfortable sofa with a drink tray converts to a convenient sleeping area.

Extend and retract the power awning with LED lights at just the push of a button. Both arms are adjustable to get just the right angle.

Maxx Air multi-speed power fan recirculates air throughout the entire coach.

The Sony touch screen in-dash stereo system pairs up with your smart phone for access to Apple CarPlay/Android Play GPS and other applications. (N/A LE, MBS and Transit)

This multimedia entertainment system features AM/FM/, Bluetooth, plus outside speaker control.

ATWOOD WATER HEATER

TRADITIONAL WATER HEATER

Atwood 18 GPH water heaters (6 gallon tank) out perform traditional 10 and 12 gallon tank water heaters. They're also 50% lighter and have no anode rod to replace.

You're walking on
RESILIENT Shaw FLOORS
Easy-to-clean, Slip-resistant, Crack/Scuff/Scratch-resistant, & Waterproof
shawfloors.com

7,500 POUND HITCH

7,500 Lb. Tow capacity (Ford E450)

360 siphon RV VENT CAP

This holding tank vent cap eliminates odors and gases from the holding tanks and exhausts them out the roof, without the use of costly chemicals.

Progressive Dynamics patented 4-stage Charge Wizard® converter system has been shown to increase battery life by 2 to 3 times or more. It constantly monitors battery usage and voltage, then selects one of four operating modes to properly charge and maintain the battery. Boost, Normal, Storage and Equalization.
