

Sightseer

Why Sightseer?

- Four innovative floorplans
- Swivel Ultraleather™ cab seats
- Available StudioLoft™ drop-down bed
- Corian® galley countertops
- MCD solar/blackout roller shades (MCD blackout roller shades in galley)
- Choice of queen or king bed (30A queen only)
- Powered patio awning with LED lighting
- Leveling jacks with 3-position controls

On the Cover: 35G Mahogany Full-Body Paint

35G Mountain View with Coffee-Glazed Vienna Maple Cabinetry

Take the Scenic Route

The Winnebago Sightseer® invites you to open your eyes to great value and good times in Class A comfort. Four floorplans deliver your perfect living experience built to Winnebago Industries'® exacting standards. This year, LED ceiling lights bring energy efficiency to a coach already loaded with premium features such as Corian® countertops in the galley, MCD solar/blackout roller shades (MCD blackout roller

shades in the galley), and Ultraleather™ cab seats. The 35G delivers exceptional travel flexibility with the inLounge™ extendable sectional sofa and movable inTable.™ For additional sleeping space, add the StudioLoft™ drop-down cab bed to any floorplan. Make time to take the scenic route in your Winnebago Sightseer.

Recognized Quality The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for seventeen consecutive years: Winnebago Industries.®

Best in Class

See how Winnebago Industries takes motorhome design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motorhomes.®

Click on this icon throughout the brochure to link to more information on the web.

The **Dash Workstation** is the perfect place to plan your trip.

Keep your clothes fresh and clean wherever you are when you add the available **Washer/Dryer** (33C, 35G).

The multi-functional **inTable™** does it all; a coffee table or counter extension, end table, or flexible dining for six.

The **inLounge™** becomes exactly what you need it to be; a sofa, dining seating, or an additional space for sleeping.

35G Mountain View with Coffee-Glazed Vienna Maple Cabinetry

With four distinct floorplans, the Sightseer offers something for everyone. Kick back and relax in the Ultraleather™ hoop-base recliner with a built-in footrest. It reclines, swivels, and can be moved to your favorite spot when you're not traveling. From the available Rest Easy® sofa (33C), or the inLounge™ and optional fireplace (35G), to the Extendable Sectional Sofa (36V) – the Sightseer offers many popular features, fit for both an afternoon of quiet reading or lively entertaining. At the end of a long day, relax in front of the large HDTV and available Home Theater Sound System with a DVD player.

HDTV

Ultraleather Hoop-Base Recliner

This complete galley allows for easy meal preparation with desirable amenities such as a microwave/convection oven, three-burner range top, and an available four-door (NA 30A) refrigerator/freezer with an icemaker. The Corian® solid-surface countertops and matching sink covers offer plenty of preparation space, while the drawers on full-extension slides and the pantry provide an abundance of storage space. The movable inTable™ provides additional counter space in the galley (35G).

35G Pull-Out Cabinet

Full-Extension Drawer Slides

Whether you are looking for an extendable U-shaped dinette (30A), an extendable dining table/buffet and chairs with a 40" retractable HDTV (33C), a BenchMark® full comfort dinette (33C and 36V), or the inLounge extendable sofa with the movable inTable (35G), the Sightseer offers a variety of dining arrangements to suit your preference.

35G inLounge Extendable Sofa with Movable inTable

With the walk-around queen or available king bed (NA 30A), you'll enjoy the standard HDTV that is connected to the coach DVD system in comfort. A chest of drawers on most models and spacious wardrobes ensure plenty of space for all of your traveling necessities.

Dash

Thanks to the rearview color monitor system, a six-way power Ultraleather™ driver seat, and easy-to-read controls, you can feel more confident while piloting your Sightseer. Your co-pilot will appreciate the additional space provided by the dash workstation. An iPod®/MP3 input and available SiriusXM™ satellite radio (subscription not included) offer hours of entertainment while on the road. Both cab seats swivel to face the lounge area, making your living space more comfortable and accommodating.

Powered Patio Awning

Smart Storage™

Powered Awning with LED Lighting

Available Exterior Entertainment Center

Exterior Service Center

You'll enjoy the outdoors just as much as the indoors with the powered patio awning and the available exterior entertainment center with an HDTV. Large storage compartments with single paddle latches on the doors make it easy to access all of your gear. The exterior service center with color-coded labels and the QuickPort® service connection hatch make hookups quick and uncomplicated.

Fiberglass Roof

The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Rubber Can't Cut It

Rubber roofs used by competitors can streak and degrade over time.

Thermo-Panel® Sidewalls

By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

Laser-Cut Tubing

Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints

Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

SUPER STRUCTURE

BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago Industries'® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS At Winnebago Industries, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

 10-gallon 110 V/LP water heater w/motoraid and auto heater (33C, 35G)

Gravity water tank fill w/lockable door
 Holding tank flushing system
 LPG accessory connection (patio area)

Safety

Child seat tether anchor in forward-facing dinette seat (30A, 36V)
 LP, smoke, and carbon monoxide detectors
 10 BC fire extinguisher
 Ground fault interrupter
 High-mount brake lamp

Warranty⁷

12-month/15,000-mile basic limited warranty⁸
 36-month/36,000-mile limited warranty on structure⁸
 10-year limited parts-and-labor warranty on roof skin⁸

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Floorplans feature a wide-body design – over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances, which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

NA Not Available

Grand National Rally

In 1969, two things happened: Neil Armstrong took mankind's first steps on the moon, and Winnebago Industries' WIT Club launched its first Grand National Rally in Forest City, Iowa. Every year since then, thousands of rally-goers connect with old friends to enjoy concerts, tours, activities, and more. Blast off for an adventurous week in July to celebrate 45 years of interstate land roving at the 2014 "Out of This World" Grand National Rally. It's a mission you'll never forget!
